How to create your first IP Card

<u>Step 1</u>

- Log in to your vCard Account https://ip.isibs.com/login
- From your homepage/Dashboard, select vCard from your left hand side tab.

<u>Step 2</u>

• From this screen, select the New vCard button from top right of your screen.

Click on the save button to proceed to the next step

Step 4

• A new set of editing function will appear on your screen. You can start filling out the particular that you want to appear in your vCard. The more information you provide, the more your client will know about you.

• At this stage a simple vCard template is created. To see this go to your vCard URL to see all the changes and information that you have included. Here is a sample of the vCard that we have created with the steps above eg: https://vcard.usd.kim/subtriumphmarketing.
